Delton Kellogg has been offering meal bags to all students for pick up at the high school every Wednesday evening since Sept. We have been able to distribute over 14,000 meals to students and children ages 0-18 so far. We have received a grant to be able to bring the food directly to families! We are very excited about this. We have found that due to transportation issues, time, eit, pick up does not always work for families.

This is for all students not receiving or being offered breakfast & lunch in a school setting. This includes children ages 0-18 not enrolled in school or those up to 26 years of age with a disability in our community.

This program will begin Wednesday, January 13, 2021. Deliveries will be made in the morning - times will be set depending on the numbers of stops on the routes.

What do you need to do to receive the meals and help the program be successful?
