

Health:

- If you are sick or have any symptoms of Covid 19, STAY HOME. Please refer to the health department documentation for a parents guide of signs and symptoms.

Masks:

- It is recommended that students wear masks, but not required. If a student chooses to wear a mask then the following applies:
 - If a mask has any pictures, logos, writing, or anything else on it, it all needs to be school appropriate. If not, the student will be asked to change out the mask and replace it.
 - It is recommended that all students keep a back up mask at school in their locker or backpack.

Social Distancing:

- When students arrive in the morning, they may get breakfast and eat in the cafeteria, visit their locker for supplies, and then report directly to 1st period classrooms.
- All students need to remain in their assigned pods while in class.
- In the cafeteria, students will have assigned seating and need to sit only in their assigned seat daily. Moving tables or seats is not acceptable.
- While in the hallway or waiting in a line, students should attempt to socially distance themselves.
- Students should always walk on the right side of the hallway.
- Office staff will limit the amount of people in the office at one time. It is recommended that hand sanitizer is used as the student enters and exits the office. Students should only stand on the designated area behind the secretaries shield.
- Gatherings such as assemblies and other events will be taken on a case by case basis.
- Students will give space to surrounding lockers as they get materials out of their lockers. Lockers will only be used before and after school, and during lunch.

Hygiene:

- It is recommended that students use hand sanitizer upon entry and upon leaving each classroom or office.
- Students should find time to wash their hands with soap and water at least 3 times during the school day.

Materials:

- We recommend students take a small backpack with them to each class throughout the day.
- It is recommended that students take a water bottle with them to each class throughout the day.
- Students must charge their chromebook daily at home. Charging stations will not be available at school.
- Students should bring their own school supplies. Sharing of supplies is not recommended..

Before and After School:

- We ask that students do not arrive before 7:40am. This is when the doors of the school will be open and students may enter. We are attempting to prevent gathering in the lobby or outside the school. Please socially distance.
- Students will be released from school at two different times. Students riding the bus and walking home will leave first, student drivers will leave next, and finally students getting picked up and after school activities will leave last. There will be a one minute interval between dismissals to stagger lockers and gathering.
